

Advanced Rider Tuition

Last Updated Monday, 23 August 2010

Per hour - \$120

Hire an Australian championship winning experienced trick coach to help you nail the tricks you are working on, or just to help you polish up your riding in general. Headzone Radio helmets make a huge difference with real time instruction from the most qualified instructor. We are able to help with things as easy as body dragging upwind, back rolls, all the way up to and including handle passes and backroll kiteloops (F16's).

We also do coaching for surf riding and handling waves for the first time. You may also consider our Intermediate rider clinics as a way to immerse yourself in the world of advanced riding progression. Whatever your level, AKS have a solution for you.

In the mean time, why not check out the Tips and Tricks page for some free advice?
